PROFESSIONAL SUMMARY

A highly skilled and creative Frontend Developer with 3 years of experience, specializing in designing and developing impactful web solutions. Proficient in HTML, CSS, JavaScript, and React Js, I possess a passion for delivering high-impact user experiences. With a strong focus on project deliverables, indicators, and outcomes, I consistently exceed expectations and ensure timely project completion. Working collaboratively within agile methodologies, I excel at implementing seamless user interfaces using tools like Slack, Trello, and GitHub.
Committed to staying updated with emerging trends and technologies, I continually strive for innovation and excellence in frontend development.

PROFESSIONAL EXPERIENCE

NIIT Limited, Abeokuta Center (Hybrid)
Front end Developer/facilitator October 2022 - Present

- Built and nurtured a strong sense of community within the classroom, fostering an inclusive and collaborative environment. This facilitated effective communication, enhanced team dynamics, and promoted a positive learning atmosphere.
- Demonstrated exceptional leadership skills by driving critical and respectful discussions during team meetings. Leveraged effective communication strategies to facilitate meaningful exchanges of ideas, resulting in valuable insights and informed decision-making.
- Exemplified professionalism and served as a role model for colleagues, consistently displaying a high level of integrity, accountability, and work ethic. This contributed to a positive work culture and established a standard of excellence for others to emulate.
- Effectively addressed potentially challenging tasks by communicating with clarity, transparency, and empathy. Employed active listening skills to ensure thorough understanding, fostering effective collaboration and problem-solving within the team.

SKILLS:

HTML
CSS
JavaScript
Responsive Design
CSS Preprocessors
Version Control (Git)
Web Accessibility
Performance Optimization
Cross-Browser Compatibility
Problem Solving
Attention to Detail.

TOOLS

- Text Editors/IDEs
- Browser Development
- Managers (npm, yarn)
- Task Runners (Gulp, Webpack)
- Version Control Systems (Git/GitHub)
- CSS Frameworks
- Front-end Library (ReactJS)
- NodeJS

CERTIFICATIONS

Grazac Academy
Frontend Web Development
2022

TUG Consultancy Limited (Remote)
Front-end Developer July 2021 - November 2022

- Played an integral role in the development, testing, and maintenance of web applications utilizing HTML, CSS, and JavaScript. Contributed to the creation of robust and scalable codebase, ensuring optimal functionality and performance.
- Collaborated closely with cross-functional teams, including designers and backend developers, to gather requirements and translate them into intuitive and visually appealing user interfaces. This involved active participation in design discussions, providing valuable insights and suggestions.
- Demonstrated expertise in debugging and troubleshooting frontend issues, employing meticulous problemsolving skills to identify and resolve software bugs. This resulted in enhanced application stability and a seamless user experience.
- Implemented responsive web design principles, ensuring applications displayed flawlessly across various devices and screen sizes. Leveraged CSS media queries and fluid layouts to deliver a consistent and optimized user experience.

Grazac Technologies (Onsite)
Front End Developer intern April 2020 - July 2020

- Demonstrated expertise in building and delivering user interface Web-based applications as a frontend developer. Leveraged skills in HTML, CSS, and JavaScript to create visually appealing and interactive user interfaces that met client requirements and industry standard.
- Fostered effective collaboration by actively engaging with other team members, sharing knowledge and insights, and working collectively towards achieving a common goal. Demonstrated strong ability to adapt to team dynamics and effectively communicate ideas and solutions.
- Utilized an agile methodology within the team, embracing iterative development and continuous improvement. Participated in Agile methodologies, such as daily stand-ups, sprint planning, and retrospectives, to ensure efficient project management and timely delivery of milestones.
